Practices Concerning Ill Children

Kids Way health policy is based upon the requirements of Snohomish Health District and Washington State Department of Children, Youth, and Families (DCYF).

Kids Way is unable to care for children when they are ill. Families must have a backup plan for days that their child is ill. If your child becomes ill while at Kids Way, a parent/guardian will be notified and required to immediately pick up their child. If we are unable to contact a parent or guardian, we will contact a person off the emergency contact list provided at registration.

Children will be unable to attend Kids Way for the following:

1. **Fever** of 100 degrees or higher
2. **Vomiting** – 1 or more times in a 24 hour period
3. **Diarrhea** – 2 or more watery stools in a 24 hour period
* Please note children must be free of a fever (without the use of fever reducing medication), vomiting and diarrhea for 24 hours before returning to Kids Way. If your child is sent home from Kids Way, they will not be able to return the following day as it will be less than 24 hours.
4. **Rashes** which are accompanied by fever, weeping, itching, or open sores.
5. **Eye discharge or pink eye** * Children with pink eye must be on antibiotics for 24 hours and no longer displaying eye discharge before returning to Kids Way.
6. **Sore throat with or without a fever** * Children diagnosed with Strep Throat must be fever free, on antibiotics for 24 hours, and able to fully participate in class before returning to Kids Way.
7. **Lice or nits** * Children must be nit and lice free before returning to Kids Way.
8. **Appearance and Behavior** - If the child is unusually tired or irritable, pale, confused, displays a lack of appetite, complains “I don’t feel good”, or unable to participate in class activities
9. **Sinus/Nasal Discharge** – Children with a chronic runny nose throughout the day. Children may return once symptoms have significantly improved and nasal discharge is clear and not throughout the day.
10. **Cough** – Chronic cough throughout the day. Children may return once a cough has significantly lessened to a few times a day.
11. **Hand, foot, and mouth disease.** Children may return once they are no longer developing sores/blisters and current sores are scabbed over and no longer weeping.
12. **Cold Sores** – Open sores on a child who drools, puts toys/hand in their mouth, or unable to control saliva. If an open sore is present, exclusion will be determined on the child’s developmental behavior. Children may return to care once the sore is scabbed over, no longer weeping, the child is comfortable, able to eat, and not in pain.

*** Children may attend if diagnosed with an ear infection once they are fever-free for 24 hours without fever reducing medication and able to fully participate in class and outdoor recess.

Dear Kids Way Child Care Family,

Welcome! Thank you for choosing Kids Way Before and After School program to care for your child/children while you are away. Your child's safety and well-being are our primary concerns. Kids Way child care provides a safe, nurturing environment for children to learn, grow and develop social skills.

My Name is Arlene; I am the on-site coordinator for the program. I am excited to start this new journey with you and your child/children. I would like to share a little bit of my background. I have been providing quality care for children for over 30 years. I worked for several years as a director for a small hospital owned center in North Snohomish County, we provided care for children 6 weeks old through age 12 years old. From there I opened my own center in Arlington and was the director/pre-K teacher. We provided care for children ages 1-year-old through school age, this was my journey for 20 years. After many years of administrative work as well as working with the children, I decided it was time to devote myself to the "fun" part of the job, working with the children. I come to Kids Way with many years of experience as well as my Associate in Technical Arts degree in Early Childhood Education.

It is our goal to provide your child/children with a safe, quality environment where your child/children feel secure and accepted. We hope to create an atmosphere of respect that promotes positive self-esteem, to recognize each child as a unique person with individual needs and interest and provide a range of activities accordingly. We hope to give children opportunities to make choices among a wide range of developmentally appropriate activities, to develop self-control, independence and sense of purpose. We will provide designated time for homework, with assistance from staff. We will work as a team with parents, maintaining open communication and mutual support. We will meet or exceed the state-licensing requirements to ensure your child/children receive the highest quality of child care.

I am looking forward to developing a relationship with you and your child/children that will ensure your child feels safe, encouraged and loved.

Warmest Regards,

Arlene Jones
